

Working together for a safer, stronger future

AMERICAN SOCIETY OF
SAFETY PROFESSIONALS

Bayou Chapter

The American Society of Safety Professionals is a global association for occupational safety and health professionals – committed to advancing members' careers and the safety profession as a whole.

A Message from our President - Cody Rink - CSP, SMS, PHR, NREMT

Despite many challenges, another successful chapter year has passed and we are now well prepared and optimistic to begin the 2022-2023 session. Having to adapt to the difficult times has certainly been challenging and Past President, Bart Dupre, clearly showed outstanding leadership while continuously pushing forward and maintaining a successful track record for the Bayou Chapter. This year we plan to continue focusing on the vision, mission, and goals of the Chapter.

I personally would like to thank everyone for their continued support over the years of the chapter's life and successfulness. Without dedicated members, executive leaders, speakers, sponsors and industrial support it would be impossible for the chapter to successfully carryout its mission.

Our focus this year will be to realign with students and introduce new professionals to the organization to improve our network of members and continue to excel. Our focus will also continue to include being a resource for HSE Professionals within the region and surrounding areas.

We look forward to seeing everyone soon!

Bayou Chapter

The Bayou Chapter services Terrebonne, Lafourche and St. Mary Parishes. We provide accessible, face-to-face opportunities for ASSP members to get involved with their local professional community and reach their highest level of performance. By joining our chapter, you'll have opportunities to gain leadership skills, expand your network and grow your technical knowledge to become a better safety professional.
